

Intercounty Connector (ICC)
Final Environmental Impact Statement (FEIS)
Distribution and Availability Policy

Introduction

The Intercounty Connector (ICC) Study Team has completed the preparation of the Final Environmental Impact Statement (FEIS) for the ICC project. The FEIS is now available for review. The FEIS includes a comprehensive overview of the purpose of the project, the alternatives evaluation process and environmental resource impacts and cost, and the preferred alternative.

The printed FEIS will be available for review beginning on Friday, January 13, 2006

FEIS Distribution and Availability

All 27 locations in and around the Study Area listed below will have a printed copy of the FEIS available for review and free CD copies of the FEIS. Locations marked with “●” denote locations where the Technical Reports are also available. The locations marked with “■” indicate locations where FEIS loaner copies are available.

12900 Middlebrook Road
Germantown, MD 20874
(301) 495-2480

For those locations where extra printed copies are available for loan, interested stakeholders may borrow a printed copy of the document. Much like a library system, these documents will be available for loan and must be returned unmarked and intact so that they can be loaned to another interested person. **Borrowed copies of the FEIS may be kept for up to three weeks.** Interested stakeholders are encouraged to borrow and return copies as soon as practical, so that others may also take advantage of this system.

Electronic versions (in PDF format) of the document and technical reports are currently available on the project web site for review and download. In addition, the Study Team will make the technical reports available on Compact Disk (CD) free of charge to anyone who makes a request.

To request a CD of the technical reports, see the web site (go to Final Environmental Impact Statement and click on "Request a CD" to fill out your electronic request) or call the aforementioned toll free line.

For those individuals or groups who want a printed copy of the FEIS of their own, the Study Team will provide a complete printed copy of the document (all three volumes) at a reduced cost of \$331 (plus mailing if necessary). For those individuals only interested in Volume II (the book of maps and figures) of the document, a printed copy will be provided at a reduced cost of \$209 (plus mailing if necessary). To request a print copy of the FEIS, call 1-866-462-0020 or access the project website. Please make checks payable to the Maryland State Highway Administration and your document will be sent or made available for pickup from SHA's Greenbelt or Baltimore office upon receipt of payment.
